

Corporate Packages

As part of my Corporate package, I will work with you to enhance your theme or objectives. My material can include, messaging, and industry-specific references specific to your business, creating a cohesive and customized experience for corporate events.

I understand that with any corporate event, the quality of supplier is also a reflection of the host, which is why I insist on performing my refined set, along with the appropriate attire. I will also work with you prior to the event to understand your clients and guests to ensure relevance and alignment of my magic to your event.
